

Name _____

Date _____

Money in the Piggy Bank

Carmen and Rafael each have some money in their piggy banks. The value in each of their banks is greater than \$2.00 but less than \$3.00.

- Carmen has one dollar bill and nine coins.
- Rafael has one dollar bill and seven coins.
- Rafael has more money than Carmen.

What coins could each child have in their piggy bank? How much money could each child have in their piggy bank?

Explain your thinking using numbers, symbols, and words.
